RE: ERCOT Notice M-B022221-01 Authorization to Disclose Certain Resource-Specific
Outage Information

Dear Commissioners:

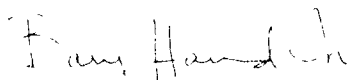

On February 22, 2021, ERCOT sent a legal notice to Market Participants requesting legal authorization to release "Resource-specific outage and deration information associated with the cold weather emergency event of February 15-19, 2021."

Aspire Power Ventures, LP ("Aspire"), an ERCOT Market Participant, is respectfully requesting that the Commission exercise any power it may have to expand the date range so that all information from the month of February is released, and to expedite the release of this information to not only government officials but to also make the release available to the public.

The level of interest in this matter, the importance to the public, and the amount of justified scrutiny greatly outweigh any rationale for protecting this information for the usual 60 days.

Please do not hesitate to contact the undersigned regarding this submission.

Respectfully submitted,

Barry Hammond
General Counsel
Aspire Power Ventures LP
